Mrs. Lucelia A. Merriam

Mrs. Lucelia A. Merriam died, Friday night, at her home on Main street, following a paralytic shock which she suffered several weeks ago.

Mrs. Merriam had been a resident of Norway for 42 years, coming here from Paris. She was born in Woodstock 75 years ago, the daughter of Jonathan and Penelope Dunham-Andrews. As a young girl she worked for many years at Franklin, Mass.

She was twice married. Her first husband was Daniel Cummings of this place. By this union one daughter, Ethelyn, was born. This daughter married Arthur Henrick of Norway, and died several years ago.

For her second husband, Mrs. Merriam chose Milton Merriam who died several years ago.

She was a member of the Norway M. E. Church and an active worker in all of the departments. Also she was a past regent of Abigail Whitman Chapter, D. A. R. Up to the time she was stricken with a shock, Mrs. Merriam enjoyed splendid health.

She is survived by one sister, Mrs. Olive G. Curtis of South Paris and a niece, Miss Tyler of South Paris, who cared for her during her last illness.

Former Radcliffe Player Dead

Joseph Harrison, aged 35 years, passed away last week at his home in Lawrence, Mass. He gained considerable notice as a baseball player at third base in the Canadian League, the Bellows Falls, Twin State and Lawrence League teams. Wm. Leath introduced him to local fans in 1909 when the Radcliffe team was at its best. He played short stop like a veteran and led the batting order. Without question Joe was the most popular boy on the team.

Mr. Harrison was born in Hyde, England, June 23, 1887, but his parents came to this country soon after his birth. He was educated in Lawrence, Mass., and worked for a time as weaver until his ability on the diamond was recognized.

He is survived by a widow, Mrs. Bertha Harrison, a son, William R. Harrison and his parents, Mr. and Mrs. William W. Harrison. He also leaves a brother, John, and a sister, Mrs. Harry G. Houghton.

Former Norway Boys

Copy from Brockton, (Mass.) paper, received by one of his Norway friends: "Joseph H. Merrill of 3 Arlington St., has been accepted as a pupil of Herbert Witherspoon, noted Metropolitan opera singer and will leave for Ithaca, N. Y., Sept. 17, where he will take up the study of voice culture under Mr. Witherspoon's direction at the Ithaca Conservatory. Mr. Merrill is well known in Brockton as a pianist and vocalist. He was formerly a pupil of Miss F. E. Tibbett of Boston. While at the Conservatory, Mr. Merrill will take up the study of the piano under the direction of Leon Sampaix, formerly director of the Conservatory at Brussels."

Joe Merrill is the younger son of Mr. and Mrs. W. L. Merrill formerly of Norway. He will study at the conservatory at Ithaca for four years, then study privately for two years before entering concert work.

"Wig, Jr." the older son is attending Boston University, Medical, and will specialize in surgery.

Mona Carver, aged eight, is under treatment at Dr. Cobb's private hospital in Auburn for an injury to her right eye. She exploded a dynamite cap with a hammer and the serious accident followed.

Mr. Westdahl landed a four pound bass from Lake Umbagog Friday evening, the largest bass caught this season. He cast with a Willard-Dill bug on the Mel Sampson pattern and has decided the lure is O. K.

Republican Mass Meeting

State and National issues were freely discussed at the republican gathering in Norway Opera House Thursday evening. Donald B. Partridge of Norway presided.

Alton C. Wheeler of South Paris ably handled state issues from a personal knowledge of affairs during the period now featured for comparisons over the State by Hon. W. R. Pattengall, Democratic candidate for governor. The speaker charged his opponents with crying extortion and mismanagement in Maine, but dismally failed according to authentic records to set a noble example while they had full power at Augusta.

Mrs. Mary A. Hight spoke directly to the women and urged them to enter the political arena as a duty to advance good citizenship and righteousness. Politics was just getting hold on the household conditions of State and city and nation, she said.

In fact, it was the science of housekeeping for the public. The price of women is a pure home. Why not make the house of your town, city, state and country pure?

Congressman White brought a word picture from Washington and described the administration of President Harding and the work as came under his personal observation. Congressman White decried the National debt had been lowered and taxes reduced through the cutting off of several thousand unnecessary employees. Agriculture and industry had revived and national business placed on a sound basis.

Gibson Grove Transfer
It has been announced "on the street" for the past few days that Gibson Grove on the lake has been sold to the Fox Bros. of Lovell and Fryburg.

As far as we can learn a price had been agreed on but a misunderstanding cropped out on the quantity of land shown and the amount to be conveyed. Thus the trade "hangs fire."

Whether the Messrs. N. T. and C. F. Fox are wanting it for the pine timber or a summer resort is unknown.

New Office Central Maine Power Co.
Plans for an office building have been made and accepted by the above company. The building will be of brick and cement construction and one story. Offices in the rear with sales and display room in front.

The contract for building is let to J. W. Greenleaf & Co. of Auburn and will be ready for occupancy before winter comes.

Scarcity of Village Rents

Last week a four room upstairs rent to let was advertised in this paper with directions to call at this office. The paper had not been on the street thirty minutes before an applicant for the rent arrived and this continued for the next two days.

This leads to the conclusion that there is a scarcity of housing facilities in this village. Investigation shows that the same condition prevails in South Paris, though not quite so acute. What is to be done? The answer is simple. Build houses and charge enough for the rent so it will be profitable to the investor. Build tenement houses for temporary abode but make the rent sufficiently large to make a return on the money invested. There must be a readjustment, the prices of rents to meet a five per cent. tax.

A building and loan association would help, if properly managed. This could be done. It works well in many places and would here.

The great hindrance to business is the lack of rents in this village.

Norway Grange held its regular meeting on Saturday evening, August 26, with worthy Master C. W. Richardson in the chair. Several matters of business were brought up for discussion.

At a previous meeting the Grange voted to build a stable and the following building committee was appointed: G. W. Richardson, W. H. Walker, Arthur Buck and H. A. Knightly. This meeting was the last evening meeting of the Grange for the summer. The next meeting will be September 9 at 1:30 P. M.

Democratic Speakers at Fair Grounds

An audience of two hundred people from various parts of Oxford County fair grounds Wednesday afternoon. Exercises were held in front of the large grand stand. Hon. W. R. Pattengall of Augusta, Ex-Governor Oakley C. Curtis of Portland, Portland Willis of New York City and Hon. B. G. McIntire of Norway held the closest attention nearly three hours. Music was rendered by the Norway-Paris band. William O. Frothingham of South Paris, candidate for county sheriff, presided and introduced the speakers.

The arguments in several instances were answers to statements given in speeches of opponents, and answers to alleged ridiculous misstatements of facts. Both men and women were urged to vote at their conscience dictated and select all candidates wisely.

Harry Rust Women's Relief Corps will meet in regular session Thursday evening, Sept. 7, at Legion Hall at 8 o'clock.

Rev. Currier of the J. W. Barber Advertising Agency of Boston, Mass., was in town, Wednesday. Mr. Curtis is spending his vacation at his cottage at Kezar Lake.

NORWAY MUNICIPAL COURT

Wm. F. Jones, Judge
Victor Huotari appeared Monday, charged with selling a mortgaged automobile. He waived examination and pleaded not guilty. Bail was fixed at \$500 for his appearance before the grand jury in October. Unable to secure the amount, he was committed to the county jail. W. L. Gray of South Paris was counsel for the respondent.

Action was brought by Eugene Haines of West Paris, who purchased the car from the respondent and sold later to Mr. Ross. It is alleged Huotari bought the auto at a garage in Nobleboro in another county, giving a small sum as first payment.

Norway Attorney Held For Observation

For some months past it was noticeable that M. L. Kimball, Esq., was laboring under mental abrasion. It was commented on by nearly all with whom he came in contact. He startled his friends with the serious announcement of receiving the appointment of Special Income Tax Inspector and was to report for duty in a short time. He formerly held the office. Many other eccentricities cropped out even to be overworked with his law practice and court attendance called him to the city. In Portland recently, attending one of his imaginary "cases" he asked for the accommodation of ten dollar check. It was given him and he immediately left the store without paying for the check. In the Portland Municipal Court, Friday, he was charged with larceny of a check from Geo. O. Curtis of the drug firm of Henshaw & Tuttle Co. Portland. Probable cause was found by Judge McGlaulin and bail was fixed at \$200.

According to the story told by Mr. Tuttle, the respondent entered the store and asked to exchange \$10 for a check. When the check was made out, Mr. Kimball took it and left hurriedly without offering the money.

While in court the prisoner was a physical wreck with quivering voice and could not seem to understand why he should not sit in the lawyer's section, being a member of the profession.

The respondent is in custody at Portland and under psychopathic observation.

Bought Mayflower Shoe Co.

John W. Wood, president of the Wood & Smith Shoe Company, Auburn, has announced that his firm has purchased the entire assets of the Mayflower Shoe Company. The Wood & Smith Company suffered heavily from the fire in Rock Block several weeks ago. The firm will shortly be occupying the Mayflower's quarters in the Leveassur Block, including the second and third floors and basement.

The transfer of the factory from Auburn to Lewiston was due to inability to secure space in Auburn, according to Mr. Wood. He stated the firm expected to employ 200 within a short time.

Ethna Noble was tendered a "shower" by the ladies of W. O. L. M. of which she is a member on Tuesday, Aug. 22nd. A nice present of several pieces of silverware was given her, to which she responded with remarks. A social followed with a treat of ice cream and cake. Readings by Irma Ross and songs by Nathan Noble completed a pleasant evening.

Children's Nits was observed by the W. O. L. M. Tuesday, the 29th. About thirty children enjoyed the games arranged for them. Eileen Dulles, Norway Lake, winning the first prize. A treat of ice cream, cake, fancy cookies and sandwiches was furnished.

Ethel Everett, daughter of Mr. and Mrs. Alfred A. Everett, Jr., was operated on for the removal of her tonsils and adenoids recently. The operation was performed at her home by local physicians and she is recovering rapidly.

Arthur Walker, a lover of cultivated flowers, has a Japanese lily in full bloom. The plant is not common in this section, but should be adopted for the beautiful blossoms which must draw attention to any garden.

Miss Katherine H. Jones will teach school for the coming year at Sandwich, Me., on Cape Cod.

William W. Gallagher of Auburn was in town Saturday. Mr. Gallagher is an assistant United States District Attorney for the district of Maine.

Poultry exhibitors at the County fair will notice the change in judging birds. Beginning this year single birds may be entered and pairs only are not necessary to compete for premiums.

Rev. and Mrs. Dwight Ball of Kinston, N. C., formerly of West Paris, are expected to arrive this week. They will be entertained by Mrs. Alice E. Brooks.

Cora Gurney enjoyed a week's vacation with her grandmother, Mrs. Clarence Merrill, on the Merrill farm in the Chapel district.

Mrs. Edwin P. Lovejoy of Bryant's Pond is staying with her sister, Mrs. Nellie Milliken on Water street, while Mr. Lovejoy is recovering from a surgical operation at the Central Maine General Hospital. Mrs. Lovejoy plans to remain in Norway during the winter if a rent can be found. Mr. and Mrs. Lovejoy lived here several years ago while he worked for John Collman, later they carried on the Don Seitz farm.

Sylvia and Goldie Davis of Brunswick are guests of their uncle, A. F. Prescott and family. Wednesday, they went blackberrying with their cousin, Julia, and found some fine blackberries at the foot of Tubbs' Hill that measured 1 1/4 inches in length.

George Hill: "Sixty new Buicks have been sold by us, this season, up to now; or, to be exact, 59 have been delivered and another one going." This was ten days ago and since then four or five more cars have gone out, so it's fair to assume 65 have been sold. Where does the money come from?

W. J. Glidden of Belfast is the new superintendent of the Norway Shoe Co. He will commence work next week provided a place can be found in which to house his family, wife and two children. Where can a rent be found? You say.

Mr. and Mrs. Joseph Dube of their daughter and husband, Mr. and Mrs. Barry, motored to Baldwin, Sunday, returning through Bridgton. They made 90 miles.

Norway Attorney Held For Observation

For some months past it was noticeable that M. L. Kimball, Esq., was laboring under mental abrasion. It was commented on by nearly all with whom he came in contact. He startled his friends with the serious announcement of receiving the appointment of Special Income Tax Inspector and was to report for duty in a short time. He formerly held the office. Many other eccentricities cropped out even to be overworked with his law practice and court attendance called him to the city. In Portland recently, attending one of his imaginary "cases," he asked for the accommodation of ten dollar check. It was given him and he immediately left the store without paying for the check. In the Portland Municipal Court, Friday, he was charged with larceny of a check from Geo. O. Tuttle of the drug firm of Haseltin Tuttle Co., Portland, Me. Probable cause was found by Judge McGaughin and bail was fixed at \$200.

According to the story told by Mr. Tuttle, the respondent entered the store and asked to exchange \$10 for a check. When the check was made out, Mr. Kimball took it and left hurriedly without offering the money. While in court the prisoner was a physical wreck with quivering voice and could not seem to understand why he should not sit in the lawyer's section, being a member of the profession.

The respondent is in custody at Portland and under psychopathic observation.

John W. Wood, president of the Wood & Smith Shoe Company, Auburn, has announced that his firm has purchased the entire assets of the Mayflower Shoe Company. The transfer of the factory from Auburn to Lewiston was due to inability to secure space in Auburn, according to Mr. Wood. He stated the firm expected to employ 200 within a short time.

George Hill: "Sixty new Buicks have been sold by us, this season, up to now; or, to be exact, 59 have been delivered and another one going." This was ten days ago and since then four or five more cars have gone out, so it's fair to assume 65 have been sold. Where does the money come from?

A Talk With a Norway Man

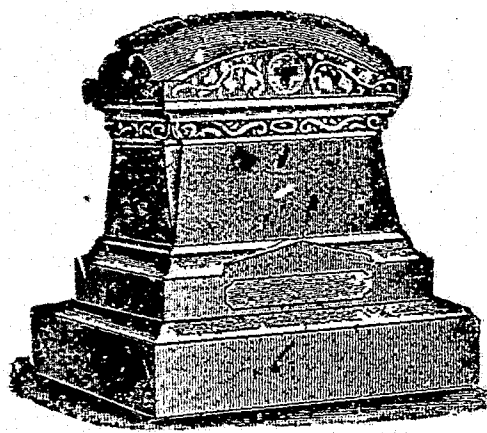

Mr. M. W. Sampson, prop. boat transportation business, of 19 Bridge St., Tell of His Experience

There is nothing like a talk with one of our own citizens for giving hope and encouragement to the anxious sufferer from the dread kidney disease. We, therefore, give here an interview with a Norway man.

"It has been some time since I have used Doan's Kidney Pills, but from past experience I can recommend them to anyone in need of a good kidney medicine," says Mr. Sampson.

"A cold settled on my kidney and brought on attacks of backache. I was lame and unable to move any way, the pain in my back was so severe. My kidneys didn't act right and I had dizzy spells. A friend who had used Doan's Kidney Pills with good results advised me to try them so I went to Stone's Drug Store and got three boxes. After I had finished taking them the trouble left and I have been free from kidney disorder since."

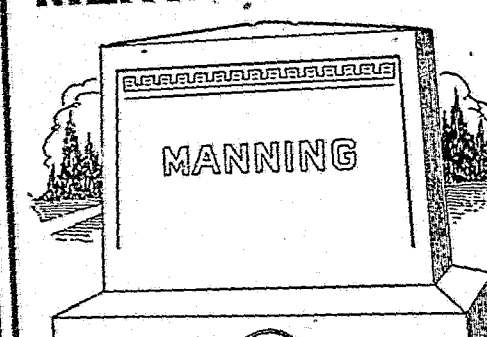

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Sampson had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

BRIDGTON ACADEMY REUNION

For the past two years the class of 1899 has held an August reunion, which has afforded much pleasure and satisfaction. This year it was proposed to enlarge the circle and include all those who attended the Academy during the principalship of C. C. Spratt, from 1896 to 1903. Accordingly, Saturday, August 26, was set as the date and the class committee, Herman E. Miles, F. W. Walker, Alice Weston Wilbur and Mildred Gould Chabourne, cooperated with Mr. Spratt in making the arrangements.

On account of the rain, only a small number gathered in the forenoon and were present at the lunch served at noon in the Gymnasium; but later arrivals swelled the number to nearly 100.

The afternoon was spent in renewing old acquaintances, visiting the different buildings, particularly the Museum, and Long Lake Lodge, the exceedingly successful boys' camp conducted by E. V. Spooner.

A photograph of the group was taken, followed by class meetings. A community sing was held in the chapel at six o'clock.

At seven o'clock about seventy-five sat down to a banquet in the gymnasium. President Miles, '99 then introduced Arthur Spear, 1905, President of the General Alumni Association as toastmaster.

Those responding were the guests of honor, Mr. and Mrs. Spratt and the teachers who assisted with them, Mr. and Mrs. E. V. Spooner, Miss Gertrude Miller, Miss Annie Bailey and I. F. McCormack; Mrs. Annie Weston Twitcheil, '97, presented a token of love and appreciation from those present; Principal Sampson; Ernest N. Stevens, '99 who spoke encouragingly of the efforts of the Emergency Fund Committee; President Miles, who spoke of plans for next year's reunion on August 25, 1923; and others who expressed their hearty tributes to their teachers. Everyone was particularly pleased with the good work being done at present by Mr. Sampson.

Bridgton Academy deserves well of its friends and now is the time to show our appreciation in a substantial manner.

FRYEBURG

Dragged On Tracks

Walter Kneeland, who was driving a team for Wm. Leavitt, was thrown off the team when the horses started Wednesday, and dragged on the railroad track for some distance. He was badly bruised about the head and received some cuts. It was feared he was seriously injured at first, but he is improving rapidly.

Contractors have begun work on the new bank for the U. S. Trust Company at the corner of Main and Portland Sts., and have a full crew. There have not been many buildings erected in Fryeburg for several years; therefore it is quite an innovation.

Hazel Howe, who has been attending the summer school at Harvard, is visiting her parents for a few weeks.

Alice O. Hastings is stopping with Mrs. Lyman Charles while her brother's family are at their cottage.

The studio on Main street under the supervision of Miss Pike and Miss Glines has proved to be a most attractive place for tourists. Many of their goods have been sold and sent as far away as Honolulu.

The studio is most beautifully located and the Misses Pike and Glines have spared no pains in decorating and have a fine array of all sorts of rugs, lace, gowns, etc., and a wonderful display of paintings. The patronage has been beyond their expectations and the compiling of the "Autumn Song," his own composition, which was truly a gem.

Organ Recital
Fryeburg has many sons and daughters of whom it can justly feel proud, but of none more so than Herbert A. D. Hurd, only child of Mr. and Mrs. Herbert Hurd of the Harbor. His organ recital at the New Church, Wednesday evening, was indeed a wonderful treat. Prof. Walter Robinson of the Boston Latin School voiced the sentiment of the audience when he said, "Mr. Hurd is a prodigy and is a benefactor to Fryeburg, always ready to give pleasure with the wonderful talent he has been endowed with" and requested all to give Mr. Hurd a rising vote of thanks. Mr. Hurd rendered the following program and was obliged to repeat the "Autumn Song," his own composition, which was truly a gem.

Program:
Prelude and Fugue in B Flat. S. Bach.
Gigue. E. H. Sheppard.
Summer Idyl. E. G. Rothel.
Pastorale in F. S. Bach.

Andantino
d. Andantino Cantabile
d. Allegro Moderato
Narcissus. E. Nordin.
Fandango. C. G. Crammond.
Reverie. G. P. Handel.
Prelude and Fugue in D. J. Callaerts.
Intermezzo. H. A. D. Hurd.
Autumn Song. H. A. D. Hurd.

Mr. Hurd has accepted a position to teach music in a fine school in Houlton the coming year and while he is distinctly a loss to Fryeburg, he takes the good wishes of the whole community with him.

Fish Street
Rev. and Mrs. L. W. Souther of South Portland visited at D. A. Bradley's recently. Aunt Lucy Haskell came with them, she will remain indefinitely.

Mrs. Sarah Hurd called on Mrs. Frances Eastman, also Louise Gordon, Friday.

Recent guests at Maple Rock Farm were Mr. and Mrs. Phil Cash and little son, Mrs. Mae Cash and Lucy Cotton, all of Portland.

Mr. and Mrs. Robert Burgess and three daughters of Dorchester, Mass., are guests at C. E. Baker's.

Mr. and Mrs. Dwight Parker, and children, of Stroudwater, visited Louise Gordon, Sunday.

Mr. and Mrs. C. E. Baker and Mr. and Mrs. Robert Burgess and family were the dinner guests of a friend at Cobb's camps in Denmark, Sunday.

WEST BUCKFIELD

A Triumph for Value

In the past two months Firestone has built and marketed more tires than in any similar period in its history.

This steadily increasing public preference is proof of the recognition by car owners of the greater values offered by Firestone. It is a tribute to Firestone men—all stockholders in the company—all actuated by the operating principle of Most Miles per Dollar.

The high average performance of Firestone Cords is without equal in the annals of tire making and is reflected by the general tendency to specify Firestone for hard service. Taxicab and bus lines, buying tires by the mile,

are universally equipping with Firestone Cords.

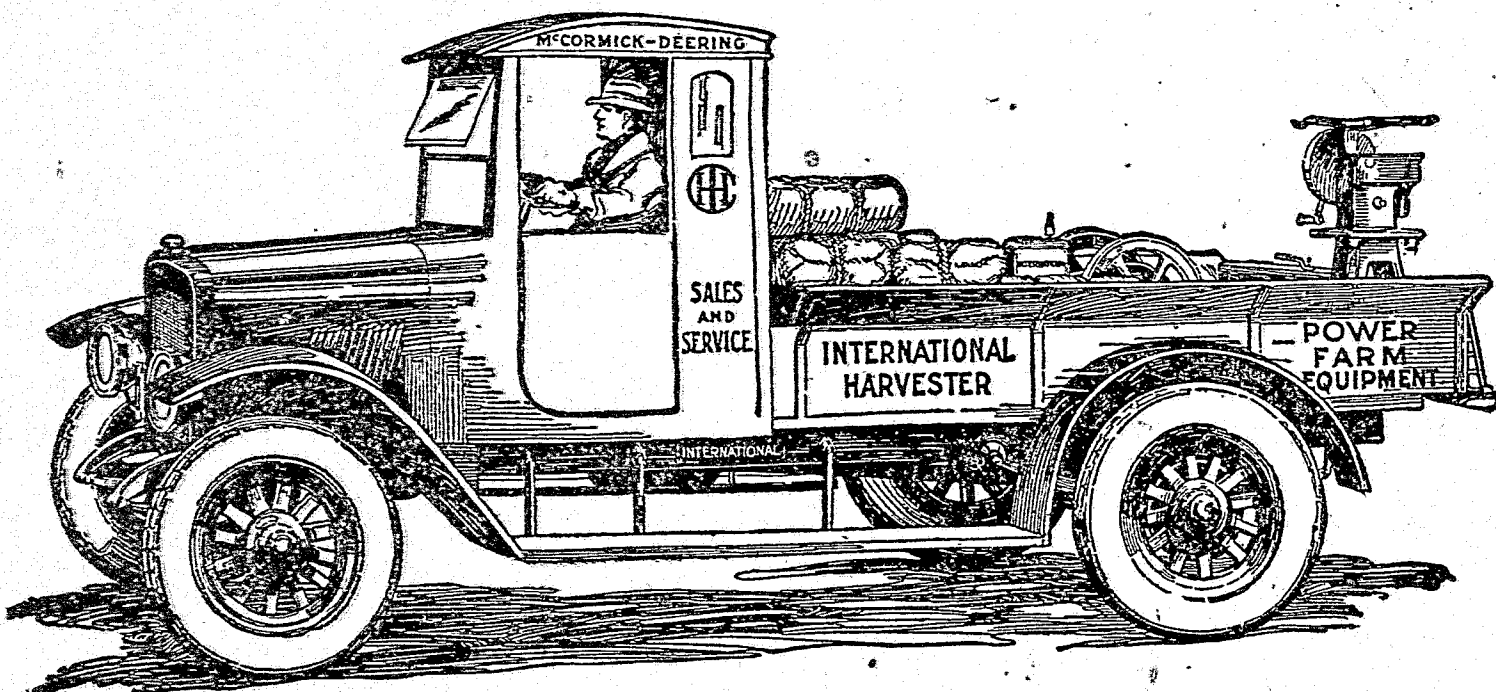

There are many reasons for the high quality of Firestone tires but chief among the special manufacturing processes are double gum-dipping, thus eliminating internal friction by insulating each cord strand, and air-bag cure, insuring a well-balanced and perfectly shaped product.

Don't speculate in tires—you will find the right combination of price and quality in Firestone. Come in and let us tell you about the service these Cords are giving other car-owners whom you know.

KEZAR LAKE

Editor Norway Advertiser
Dear Sir:

Your issue of Aug. 25 contains an article by William Sloan Kennedy with regard to saving the natural beauty of Lake Kezar in particular, and many other things in general. This subject strikes a sympathetic chord on the heartstrings of all who are not completely blinded by the dollar sign.

According to statute law, those who hold legal title to a dam site may act according to their own will, providing that they remunerate sufferers from flowage according to an appraisal of damages.

In the first place the justice of such a statute is open to question. Present holders of titles feel that they are justly possessed of such title having paid for them in money. Such titles traced back to their source bring up against some "grant" generally and when this "grant" is minutely analysed, it is found to be nothing more or less than the sale of any present generation's birthright. In other words some five-hundred-year past king has said who shall now enjoy the exclusive privileges of our natural resources. This policy has been pursued so assiduously by our ancestors that it would be impossible for us to repeat the offense even if we so desired. The nearest we can come to it is to bond posterity for our present indulgences.

In the second place, if the existing condition of affairs in this respect constitutes a problem which the present generation has to meet—the existence of such a problem implies that there is an answer. The answer exists now if at all, and has only to be found and applied. It is generally conceded that the best answer or solution to all such problems was found some little time ago by one Henry George who shows that all natural resources by right belong to any present people and that any personal benefit which may seem to accrue to any person or corporation can be restored to the people by a certain proper method of taxation. This system can be inaugurated any time by legislation.

In this particular case, and in many others, it would appear that there should fall under "flowage damages" an appraisal of "natural beauty," so great that it would make the enterprise unprofitable from a personal, dollar standpoint. The estimate of "natural beauty" value seems to be growing, not only in the public mind, but in the appraisal of the courts as well.

The reds, bolsheviks, radicals, socialists, anarchists and so on appear to be about the only ones who are awake to the despoliation of our natural resources perpetrated by selfish business interests but their remedy is worse than the disease they attempt to relieve. The abusers of natural resources hold their privileges by right of statutory enactment or law. These laws are made by the people and any time they feel themselves too much oppressed, they can pass new laws to protect their natural rights. Let us awake to the situation and enact and enforce good laws before the reds get a chance at their regime. What the people really want is to protect themselves from the selfishness of humanity.

—Freeland Howe.

The Spirit of Service

It is possible to scan a proposition again and again, arriving always at the same results—and yet be quite wrong. Every man is limited to his OWN experience, his OWN viewpoint, his OWN observations.

Far be it from us to discourage independent thinking and self-reliance, but the greatest measure of safety lies in checking up your plans against the experience, viewpoint and observation of other men. If our Officers can be of any service to you in this direction, we will be most pleased.

We believe our present multiplied powers for helpfulness have come largely as a result of checking our viewpoint with that of our depositors and others.

CONSTIPATION OFTEN

POISONS SYSTEM

Mrs. Boyce Tells Her Experience

The majority of people suffer from

constipation which poisons the whole sys-
tem and causes coated tongues, bad
headaches, foul breath and actual illness
in children often results in high fever and
warm trouble.

These conditions may be quickly re-
lieved by Dr. True's Elixir, the True
Family Laxative and Worm Expeller that
has worked wonders for men, women and
children since 1851.

"I have great faith in your Dr. True's
Elixir. I give it to my boy, it is doing
him much good and I would not be with-
out a bottle for anything," Mrs. Joseph
Boyce. (Tracey Station, N. B.)

You know the symptoms of chronic
constipation: • sour stomach, belching,
offensive breath, heavy dull eyes, con-
stant headaches, and general out-of-sorts
grouchily feeling. Let Dr. True's Elixir
help you. 40c, 60c, \$1.20.

TWIN TOWNS RECORD

The local team opened for business on
June 24 under favorable conditions. Gen-
erous pledges had been secured and a
wide awake Association backed the out-
come. The team was organized under the management
of Carl Mactumman and Carl Fuller. Prac-
tically a new diamond was given the
team on which to work up inside baseball
and prepare for the summer's fight. New
uniforms were an incentive to show class
and speed.

Winning the opening game against the
strong Knights of Columbus team of
Portland proved a tonic. Three of the
five following games were captured and
business at the gate was fair. Interest
commenced to wane when five of the next
eight games went to Augusta, Taxis, Dix-
field and Kezar Falls.

Cleaning up ten from a string of eleven
games was good baseball and followed
the erratic luck of the preceding weeks.
Even this program failed to make a
decided impression at the box office. The
team was going well in the field but a
lukewarm sentiment among the fans as a
whole, could not be aroused to the en-
thusiasm created last year. A large
number of sportsmen endeavored to offset
the recreation by attending the home con-
tests, boosting the game and contributing
funds. Something was wrong over which
the association had no control and many
reasons have been advanced for this in-
difference.

Failing to make a successful showing
in the last season is said to be one
of the contributing causes for the direc-
tors to give up the chase and call it off.
Good salaries were paid and the ghost
walked every Saturday night regardless
of small gate receipts. However, gen-
erous were the individual contributions,
this condition must end. The day of
reckoning arrived when close observers
alleged the team was weakening and not
up to a pace set by the leaders. They
further alleged indifference and lack of
team pride which should have been dis-
played for the salary received.

The individual fan must become the
judge and decide for himself whether the
charges are true or false. Whatever the
verdict, all must admit the Twin Towns
Association has carried a brace of clever
players, many of them active and hard
workers. Our finances would not allow
fancy prices, and we have not been in
the same market with others offering fat
purses for diamond stars. Everything
considered, the fair minded will admit
the Twins have led their class and not
far behind championship outfits. We
have witnessed fast baseball this sum-
mer and had a line on the swiftest stars
working in the state. Let's cheer up
and start on a new basis next season.

Birthday Surprise
Though the sun was not shining as brightly as it might have on Wednesday afternoon, Aug. 23, upon Peaco Hill, the beaming countenances of the twenty-five kiddies who helped to make the birthday party of Dean Wilson Peaco such a wonderful success made a remarkable substitute for the sunbeams.

Sturdy little Dean has now seven years to his credit and in celebration of that fact, he was given a surprise party. Games such as "Cat and the Mouse", "Squirrel in the Tree", "Drop the Handkerchief," etc., were played. And what a wild scramble the Peanut Hunt brought forth! There was good, hearty laughter at the donkey game when one after another thought the donkey's tail belonged on his head! However, Orrington Chadbourne and Elsie Wallo decided that it didn't and put it nearest to where it should be. They accordingly were awarded the prizes given for that game.

Then there was a little Christmas tree which was decorated so prettily with candy hearts. Herbert Wallo may be only four years old, but, blindfolded, he managed to cut off more hearts than anybody else. He certainly deserved the prize which he won.

Perhaps the best part of the party came when shrieks of delight made known the fact that ice cream and cake were being served. How good it was! Each kiddie was also given some of the birthday cake and a snapper which preceded a paper hat. The following children helped Dean Wilson Peaco to celebrate: Elsie Wallo, Jennie Wallo, Carl Wallo, William Wallo, John Wallo, Herbert Wallo, Ralph Johnson, Ruth Johnson, Walter Johnson, Reino Johnson, Bernice Kalweit, Albert Kalweit, George Kalweit, Edna Kemp, Stanley Kemp, Kenneth Jilison, Edwin Jilison, Francis Peaco, Martin Wiley, Harry Black, Raymond Black, Marietta Smith, Orrington Chadbourne, Norman Kemp.

The hostesses were the Misses May McDermott, Mary Sexton and Ruth Schwall of New York and Doris Whittem of Boston. Dean appreciated the lovely gifts the little friends gave.

O. H. Stone, Mr. and Mrs. Wallace Stone and sons Alton and Orrington of Exeter, N. H., visited at P. C. Greenleaf's and other friends, this week.

Mrs. Bertha Stone has returned from Auburn and is visiting Mr. and Mrs. E. R. Stone.

Jennie Linnell, R. N., who has been visiting her parents, was invited to a ride Monday night, her friends took her to Frederick Robie Grange Hall where over 30 friends had gathered to give her a surprise party. Music and singing were enjoyed, also whist and flinch. Ice cream and cake were served and a jolly good time was enjoyed by all.

Mr. and Mrs. George Morse, Mr. and Mrs. James Garland, all of Danvers, Mass., visited Mrs. Morse's sister, Mrs. Jessie Losier, Sunday. They made the trip in Mr. Garland's new Franklin car.

Operation Avoided by Taking
Lydia E. Pinkham's Vegetable Compound

Dayton, Ohio.—"I had such pains that I had to be turned in bed every time I wished to move. They said an operation was necessary. My mother would keep saying: 'Why don't you take Pinkham's, Henrietta?' and I'd say, 'Oh, mamma, it won't help me, I've tried too much.' One day she said, 'Let me get you one bottle of each kind. You won't be out very much if it don't help you.' I don't know if you will believe me or not, but I only took two bottles of Lydia E. Pinkham's Vegetable Compound and one of Lydia E. Pinkham's Blood Medicine when I began to get relief and I am regular ever since without a pain or a headache."

When I lie down I can get up without help and without pain. I can't begin to tell you how I feel and look. I have begun to gain in weight and look more like I ought to. I think every day of ways I have been helped. Any one who does not believe me can write to me and I will tell them what shape I was in. I am ready to do anything I can to help your medicine."—MRS. Save the Coal While You Can

Furnace heat for the early Fall days is an unnecessary expense.

On many days you need only a little morning and evening heat to take off the chill.

The electric radiator fits in nicely for these in-between times. It does its work instantly and at small expense. Simply attach the long cord to any convenient light socket, turn the switch on "comfort" and enjoy a glowing, radiant heat.

Conserve your coal supply while you can by using an electric radiator. The radiator "runs" for only 6c an hour.

NORWAY LAKE

School Reunion

The Norway Lake School Association held their 19th annual reunion Thursday, August 24th, at the Norway Lake schoolhouse. About 150 members of the association and invited guests were present. Dinner was served in the schoolhouse, ninety sitting down to the first tables. After dinner was cleared away and the tables removed, the chairs were arranged facing the reunion building and from that platform President Ella Perry called the meeting to order. "America" was sung by the audience and prayer was offered by Raymond Gould. The following officers were elected:

Pres.—Mrs. Leola Morrison.
1st Vice Pres.—J. E. Marston.
2nd Vice Pres.—Mrs. Mary Witt.
3rd Vice Pres.—Horse Perry.
Secretary—Mrs. Lottie Crane.
Treasurer—Virgil Flood.

Owing to several disappointments, the program was very short. Mrs. Meda Howe of Hartford, Mrs. Etta Harriman; Fred Bolster of Bolsters' Mills; Frank Cox, Ellie Swan, Mrs. Katherine Delano, Horace Perry, Ora Howe, each gave a few words, and Mrs. Annie Brown told two laughable anecdotes. Letters from Supt. W. H. Edminster, Mrs. Clyde Bartlett Berry, Mrs. Elizabeth Witt Foster, Charles P. Barnes, A. J. Merrill and Mrs. Addison E. Herwick were read by the secretary and a beautiful little poem written by Mrs. A. Z. Plummer for the occasion was read by Stella Harwood. It was voted to meet again in one year.

While not so many as usual came this year and some we shall never meet there again, yet it was pleasant to greet others who can only meet with us occasionally, and those whose smiling faces we always see.

Mr. and Mrs. James Frost in company with Mr. and Mrs. Harry Goodwin, motored to Westbrook, Sunday. Mrs. Frost remained for a visit with two of her daughters who reside there, and Mr. Frost returned Sunday night.

Stella Harwood was in Lewiston, Monday.

Lacy Witt returned Monday from Augusta, where she has been visiting the past two or three weeks.

Augusta Libby of Portland, who has been visiting Mr. and Mrs. E. E. Witt, returned Monday.

Mabel Perry has been ill with a severe attack of tonsillitis.

Mrs. Eunice Watson is at the home of her daughter, Mrs. Will Tucker.

Arthur Tucker and family are stopping at East Waterford.

Mrs. J. Ariel is working in the shoe store.

Hilja Lammi has returned to her duties at Dr. C. A. Stephens' and is on a few weeks' vacation at her home in Waldoboro.

Willard Buck, Jr., of Sanford, has been visiting his parents, Mr. and Mrs. Willard Buck.

Mrs. Mae Flood and children, Verne, Maurice and Beryl of Farmington, have been recent guests at David Flood's.

James Frost went Tuesday to work in the corn factory at East Waterford.

The Mothers' Club will have a dance at their hall, Saturday night.

BOLSTER'S MILLS

The New Harmony Orchestra of South Paris played for dancing at the Grange Hall Thursday evening. This is the beginning of a series which the orchestra expect to run here during the winter.

Mr. Barnes is proprietor of the Alberta Cafe and prominent in Masonic circles at Lewiston.

The couple will make their home at Norway for the present.

Merrill-Strout

George Cummings Merrill and Mrs. Abbie Albertina Strout, both of Norway, were married August 24 at the home of the officiating clergyman, Rev. Chester G. Miller, at South Paris. The single ring service was used.

The bridegroom is the son of Mr. and Mrs. Clarence W. Merrill and is a prosperous farmer in Norway.

Mrs. Merrill is the daughter of Elliott Record of South Paris. They will reside at the Merrill farm on the Waterford road.

Mrs. Mary Oxnard has returned home after a visit of several weeks with relatives in Massachusetts. Her granddaughter, Nancy Oxnard, came with her.

Mrs. Margaret Nelson and daughter, Mary Charlotte of Farmington have been recent guests of Mr. and Mrs. George F. Hill.

The September meeting of the W. C. T. U. was postponed one week on account of the fair. The next meeting will be with Mrs. Cora Rowe.
